Opportunity for Aboriginal artists

Coast Park Project

Government of South Australia
Department for Infrastructure and Transport

Are you an Aboriginal artist interested in creating public art?

A culturally led opportunity

We invite Aboriginal artists to be part of an exciting new project along the coastline between Grange and Semaphore Park.

A new coastal path is being built, creating an opportunity to share culture, stories and connections to Country through public art. We welcome Expressions of Interest from both emerging and established Aboriginal artists.

The cultural story for this project has been developed with Kaurna community representatives and endorsed by the Kaurna Yerta Aboriginal Corporation. Artists are invited to draw inspiration from this cultural foundation and respond in a way that reflects their own creative practice, knowledge and voice.

This is an opportunity to contribute to a lasting cultural legacy, creating artworks that will connect local communities and visitors to Kaurna Yerta for many years to come.

Types of artwork opportunities

1. Integrated Public Artist	**2. Interpretive Designer**
Incorporate artwork directly into the pathway and surrounding landscape.	Create engaging signage that brings stories, culture and history to life.
3. Placemaking Sculptor	**4. Cultural Landscape Artist**
Design tactile, low-profile or discovery-based sculptural elements that invite curiosity and connection.	Incorporate cultural knowledge, landscape elements and connections to Country through planting concepts.

Who should apply

Aboriginal artists both experience and emerging are encouraged to register their interest. We are seeking interest from emerging artists that are looking to build their public-art practice to established artists with many years of experience. Opportunities exist to team up and build your portfolio.

> Bring Kaurna stories, culture and connection to life along the coast.
