1.2 Port Road Drainage Project Update

The Port Road drainage project continues to progress ahead of schedule with the section up to Oval Avenue completed. The Oval Avenue carpark has been closed to allow for the drainage works to continue through and will remain closed until the new carpark has been constructed.

The irrigation works between High Street Cheltenham and West Lakes Boulevard were completed in May and Council’s Field Services team commenced tree planting and laying of turf this week. We are anticipating that turf will be completed to Chippenham Street by the end of next week subject to weather.
