

Rate Rebate Application Form – 2019 / 2020

Please complete all mandatory fields marked with (*)

Important Information

Application forms and all additional information must be submitted to the Council on or before **30 April 2019**.

Failure to submit application forms by the due date or to provide the additional information required by the Council to assess the application may result in the Council refusing to consider the application.

It is an offence for a person or body to make a false or misleading statement or representation in an application or to provide false or misleading information or evidence in support of an application made (or purporting to be made) under the Act, Section 159(2). **The maximum penalty for this offence is \$5,000.**

The Council may grant a rebate of rates or charges on such conditions as the Council thinks fit.

Under the Act, Section 159(7), if a person or body has the benefit of a rebate of rates and the grounds on which the rebate has been granted cease to exist, the person or body must immediately inform the Council of that fact and (whether or not the Council is so informed) the entitlement to a rebate ceases. Section 159(8) states, if a person or body fails to comply with subsection (7), that person or body is guilty of an offence. **The maximum penalty for this offence is \$5,000.**

The Council may, for proper cause, determine that an entitlement to a rebate of rates under the Act no longer applies.

Where an entitlement to a rebate of rates ceases or no longer applies during the course of a financial year, the Council is entitled to recover rates, or rates at the increased level (as the case may be) proportionate to the remaining part of the financial year.

Under the Local Government Act 1999, generally rebates can only be granted on an annual basis and therefore must be applied for annually. Discretionary rebates granted in any one year may not be granted in subsequent years.
