Financial Counselling

Zahra Foundation Australia provides a specialist financial counselling service for women affected by domestic and family violence. Appointments are available at this location.

You don't need to be in a financial crisis to access our service. It can be as simple as a review of your finances, help finding ways to save money or support to create a family budget.

So that we can support you more efficiently it will be useful for you to bring the following documents to your first appointment;

Proof of income
(Centrelink and/or payslips)

Photo identification
including health care/pension
concession card if possible

Bank statements

Current bills

Debt collector notices
or other demands

Any other documents you
can access that are relevant
to your current finances

We will need to collect your personal details at the first appointment, and we may ask for consent to act on your behalf. This will mean we can support you to contact your creditors or make any necessary referrals.

This free and confidential service is by appointment only.
(Allow 90 minutes for first appointment).
