

SAFE PARKING AROUND THE AUSTRALIAN ISLAMIC COLLEGE

The City of Charles Sturt has implemented a comprehensive traffic management and parking scheme across the City to help make it a safe place. Disobeying the Australian Road Rules places not only you but others at risk. Tragedies can occur if care is not taken to abide by these rules.

Common Parking Restrictions

Below are some explanations of the parking controls and signs that are placed around the Islamic College.

No Parking Signs

You may use this area for drop off and pick up only, for a maximum of 2 minutes. You must not queue or wait here. The driver must remain with the vehicle.

No Stopping Lines

No Stopping Yellow Lines mean drivers must not stop on a length of road to which the line has been applied, even if you are stopping for a short period of time. Stopping here may cause a traffic hazard as well as congestion.

Parking On or Across a Driveway

Vehicles parking across driveways can inconvenience nearby residents and result in complaints to Council, particularly when they wish to enter or leave their property and cannot do so because a vehicle is parked across it. Vehicles are not to park in such a manner so as to restrict any part of a driveway. This act can also result in blocking pedestrian access.

Overhanging a driveway

Double Parking

Drivers must not stop next to a vehicle already stopped or parked at the kerb at any time. This practice is illegal and creates dangerous situations for traffic flow and for pedestrians crossing a road.

6 Helpful Tips for Safe Parking

Here are 4 helpful tips for safety near the Australian Islamic College.

1. Consider alternative transport modes to reduce the number of vehicles (and improve your health!)
2. Allow enough time to avoid rushing and potentially parking illegally.
3. Always observe parking signs and parking control lines, such as yellow lines. They are designed to keep you and the broader community safe.
4. Park a few streets away and walk to reduce congestion and improve safety. This is also good exercise and helps teach your child road safety rules.
