Cr Oanh Nguyen		Asian United Football Club	Gift Bag	Returned		
						I had received a bag as a gift from the wife of
						Tai Vo - President of the Asian United
						Football Club, over the years I just know her
						as the wife of Mr Tai Vo and later found out
						that she is also Secretary if this club. The
						Club had over the years received
						Discretionary Ward Allowances from Council (Woodville Ward). Prior to the end of last
						term of Council, she had given me a bag
						which she insisted that it was from her
						personally, anyway I did not managed to not
						accepted it. I took it home and seek advices
						of what to do it - in the end it was returned
						to her. I got emotional in explaining her kind
						thoughts which is really appreciated and
						thanked her though I could not accept the
						gift and asked for her to understand.
