General description of the land

Mirani Court Reserve is a waterfront open space area shown in the 'Site Map' of this Community Land Management Plan. The Reserve provides carparking and public facilities and supports the adjacent Coastal Reserve by providing access within and through the Reserve to the shared use coastal path, coastal dunes and beachfront area. The Reserve and land parcel (except for any part of the lands, where relevant, that is subject to any lease/licence as granted by Council in accordance with Section 202 of the Local Government Act) is categorised as District Open Space and Waterfront Open Space in the Types and Hierarchy explained in [Community Land Management Plans – An introduction](#).

Purpose for which the lands are held

The Council holds this land for the primary purpose of providing publicly accessible connected waterfront open space areas with community facilities for community use and spaces that may be utilised from time to time for complementary business purposes. The Council also holds this land for secondary purposes associated with addressing environmental, urban design, heritage and stormwater management needs (in no particular order of precedence).

Lease or Licence Permissions

Council may issue a licence and/or permit to allow access over the Reserve, or to allow for an activity of a short-term nature. Uses of the land prohibited by Council by laws without approval or uses not identified in this management plan may be approved in relation to the Reserve for instances such as, but not limited to, access to adjoining properties during building construction work.

Council may issue an authorisation for commercial activities under Section 200 of the Local Government Act 1999. Authorised activities must be consistent with the purposes for which the Reserve is held. Approvals may be given on conditions the Council considers appropriate.

An example of activities Council considers relevant to the purposes of the Reserve when considering licence, authorisation or permit requests are (without limitation)

- Community and recreational activities and/or services catering to all ages and cultural groups ie child play groups, biodiversity and nature activities.
- Educational, cultural and community awareness activities that support cultural diversity, health, fitness and general community wellbeing.
- Activities of a passive or active nature that promotes a healthy active lifestyle ie tai chi, yoga, aquatic activities, bicycle riding etc.
- Small family celebratory events.

Permits, licences or easements may be granted by Council to public service provider authorities, within delegations of a relevant Act, for the purposes of provision of electricity, gas, water, internet and telecommunications services (except for above ground telecommunications towers).

Management Objectives for the lands (in no order of precedence)

- To maintain unfettered access across, through and within the Reserve from all public entry points to support a shared use pathway and access to the adjoining Coastal Reserve.
- To assist in the protection of the adjoining coastal dune systems.
- To provide an open space area with community facilities for community use.
- To address specific environmental, heritage and urban design objectives generally but more importantly to the support objectives of the adjoining Coastal Reserve.
- To utilise the Reserve for stormwater management purposes.

Proposal for managing the land

The management of Mirani Court Reserve is to be consistent with the descriptions and guiding principles for use and development identified in District Open Space Hierarchy and Waterfront Open Space types described in Community Land Management Plans – An introduction.

Performance Targets and Measures for the land

The performance targets and measures for Mirani Court Reserve are outlined below. They do not indicate an order of hierarchy or priority.

Performance Targets	Performance Measures
To develop and pursue opportunities for community participation in passive formal or informal, recreational, cultural and community-based pursuits.	Increased visitation and use of Council’s open space areas and facilities as measured by an audit of Council’s customer feedback platforms and customer surveys as conducted from time to time and reported to Asset Management Committee.
To develop and pursue opportunities for optimal shared use of the open space for car parking, pedestrian and bike movement within and through the reserve and to the adjoining Coast Park.	Increased usage of the bike/pedestrian network as measured by transport movement studies as conducted from time to time and reported to Council.
Renew/upgrade/develop landscaped areas and community facilities and associated infrastructure as outlined in the relevant Asset Management Plan (including but not limited to facilities such as seating, shade, shelter, fitness and play equipment, lighting, public amenities, paths, fencing, carparking, art works and cultural heritage references etc.).	Completed upgrade/renewal works reported to Council and Asset Management Committee.
Provide a safe environment for visitors and users of the Reserve.	Reduction in security incident reports to Council as measured by an annual audit of Council’s customer feedback platforms.
