Council By-Law No. 1 – Permits and Penalties Council By-Law No. 3 – Local Government Land Council By-Law No. 5 – Dogs and Cats

General description of the lands

Rowing Club Reserve is a waterfront open space area with linear paths as shown in the ‘Site Map’ of this Community Land Management Plan. It attracts visitors from within the local community, greater Adelaide, interstate and overseas due to its prominent lakeside location and adjacent SA Rowing Club facility.

The Reserve and all land parcel (except for any part of the land, where relevant, that is subject to any lease/licence as granted by Council in accordance with Section 202 of the Local Government Act) is categorised as Regional Open Space and Linear/Waterfront in the Types and Hierarchy explained in Community Land Management Plans – An introduction.

The Open Space Types applied in this Community Land Management Plan are not limited in the area they may occupy within the Reserve but will generally be available to apply anywhere within the Reserve and across any or all individual community land parcels that form the Reserve.

Purpose for which the land is held

The Council holds this land for the primary purpose of providing connected and publicly accessible waterfront open space areas with linear shared use pathways and limited community facilities for community use and spaces that may be utilised from time to time for complementary business purposes. The Council also holds these lands for secondary purposes associated with addressing environmental, urban design, heritage and stormwater management needs (in no particular order of precedence).

Lease or Licence Permissions

Council may grant or renew leases and/or licences over any part or parts of Rowing Club Reserve.

Any lease or licence granted or proposed to be granted must be consistent with the uses and purposes for which the Council holds the Reserve, and its objectives for the Reserve, as outlined in this Community Land Management Plan. They may be issued to various sporting, recreation, business, social or community clubs or groups for the use of open space within the Reserve whose activities cater for the local or broader community.

The Council may grant leases and licences of any length, and on any terms, to organisations established for sporting, recreation, social and/or community purposes over any land to which this Community Land Management Plan relates.

Council may issue a licence and/or permit to allow access over the Reserve, or to allow for an activity of a short-term nature. Uses of the land prohibited by Council by laws without approval or uses not identified in this management plan may be approved in relation to the Reserve for instances such as, but not limited to, access to adjoining properties during building construction work.

Council may issue an authorisation for commercial activities under Section 200 of the Local Government Act 1999. Authorised activities must be consistent with the purposes for which the Reserve is held. Approvals may be given on conditions the Council considers appropriate.

An example of activities Council considers relevant to the purposes of the Reserve when considering lease, licence, authorisation or permit requests are (without limitation)

- Community, recreational and sporting activities and/or services catering to all ages and cultural groups ie rowing clubs/groups, child play groups, biodiversity and nature activities.
- Educational, cultural and community awareness activities that support cultural diversity, health, fitness and general community wellbeing.
- Activities of a passive or active nature that promotes a healthy active lifestyle ie outdoor fitness groups, tai chi, yoga, boating/aquatic activities, bicycle riding etc.
- Small family celebratory events.

Permits, licences or easements may be granted by Council to public service provider authorities, within delegations of a relevant Act, for the purposes of provision of electricity, gas, water, internet and telecommunications services (except for above ground telecommunications towers).

Management Objectives for the lands (in no particular order of precedence)

- To provide an outstanding lakeside open space area that encourages participation in, and facilitates recreational, cultural and community pursuits and to seek to maximise the use of the lands and their facilities for these purposes.
- To support and encourage pedestrian and bike rider movement within and through the Reserve made easily accessible from all public entry points.
- To maintain access to and support the activities of the adjacent lake and protect the waterway.
- To facilitate occupation of any part of the open space areas by sporting and community clubs/groups or commercial businesses for the purposes set out in this community land management plan.
- To address specific environmental, heritage and urban design objectives.
- To utilise the Reserve for stormwater management purposes if necessary.

Proposal for managing the lands

The management of Rowing Club Reserve is to be consistent with the descriptions and guiding principles for use and development identified in Regional Open Space Hierarchy and Linear/Waterfront Open Space Type described in Community Land Management Plans – An introduction.

Performance Targets and Measures for the lands

The performance targets and measures for Rowing Club Reserve are outlined below. They do not indicate an order of hierarchy or priority.

Performance Targets	Performance Measures
To develop and pursue maximised shared use of open space and facilities that support the sporting, recreation and community uses of the lands (including but not limited to facilities such as seating, shade, paths, lighting, amenities, art works, cultural heritage references, fencing etc.).	Increased visitation use and community satisfaction with Council’s open space areas and recreational facilities measured by an audit of customer feedback platforms, registers, issued permits, transport movement studies and customer surveys as conducted from time to time and reported to AM Committee.

<p>Renew/upgrade landscaped areas and associated infrastructure as outlined in the relevant Asset Management Plan (including but not limited to facilities such as revetment walls, seating, shade, shelter, fitness and play equipment, lighting, public amenities, paths, fencing, art works and cultural heritage references etc.).</p> <p>Provide a safe environment for visitors and users of the Reserve.</p>	<p>Completed upgrade/renewal works reported to Council and AMS Committee.</p> <p>Reduction in security incidents reported to Council as measured by an audit of Council's customer feedback platforms.</p>
