Council By-Law No. 1 – Permits and Penalties Council By-Law No. 3 – Local Government Land Council By-Law No. 5 – Dogs and Cats

Description of the land

Todville Reserve is a small pocket reserve shown in the 'Site Map' of this Community Land Management Plan. The Reserve (except for any part of the land, where relevant, that is subject to any lease/licence as granted by Council in accordance with Section 202 of the Local Government Act) is categorised as Local Open Space and Landscape Park in the Types and Hierarchy explained in [Community Land Management Plans – An introduction](#).

Purpose for which the land is held

The Council holds this land for the primary purpose of providing open space areas with limited facilities for community use and providing spaces that may be utilised from time to time for complementary business purposes. The Council also holds this land for secondary purposes associated with addressing environmental, urban design, heritage and stormwater management needs (in no particular order of precedence).

Lease, Licence and Permits

Council may grant or renew leases and/or licences over any part or parts of the Reserve.

Any lease or licence granted or proposed to be granted must be consistent with the uses and purposes for which the Council holds the Reserve, and its objectives for the Reserve, as outlined in this Community Land Management Plan. They may be issued to various sporting, recreation, business, social or community clubs or groups for the use of open space within the Reserve whose activities cater for the local community.

The Council may grant leases and licences of any length, and on any terms, to organisations established for sporting, recreation, social and/or community purposes over any land to which this Community Land Management Plan relates.

Council may grant building encroachment permissions and licences to Community Corporations of adjoining multilevel residential units for timeframes permitted under the Local Government Act 1999 for purposes pertaining to urban design.

Council may issue a licence and/or permit to allow access over the Reserve, or to allow for an activity of a short-term nature. Uses of the land prohibited by Council by laws without approval or uses not identified in this management plan may be approved in relation to the Reserve for instances such as, but not limited to, access to adjoining properties during building construction work.

Council may issue an authorisation for short term commercial activities under Section 200 of the Local Government Act 1999. Authorised activities must be consistent with the purposes for which the Reserve is held. Approvals may be given on conditions the Council considers appropriate.

An example of activities Council considers relevant to the purposes of the Reserve when considering lease, licence, authorisation or permit requests are (without limitation)

- Small scale community activities and/or services catering to all ages and cultural groups ie biodiversity and nature groups, child play groups etc.
- Activities of a passive or limited active nature that promote a healthy active lifestyle ie tai chi, yoga, bocce etc.
- Small family celebratory events.

Permits, licences or easements may be granted by Council to public service provider authorities, within delegations of a relevant Act, for the purposes of provision of electricity, gas, water, internet and telecommunications services (except for above ground telecommunications towers).

Management Objectives for the land (in no particular order of precedence)

- To provide an open space area within the suburb that facilitates and encourages community use and pedestrian/bike access and movement.
- To provide limited facilities for community use that support activities such as walking, bike riding, gatherings and play.
- To address specific environmental, heritage and urban design objectives.
- To utilise a portion of the Reserve for stormwater management purposes if necessary.

Proposal for managing the land

The management of Todville Reserve is to be consistent with the descriptions and guiding principles for use and development identified in Local Open Space Hierarchy and Landscape Park Open Space Type as described in Community Land Management Plans – An introduction.

Performance Targets and Measures for the land

The performance targets and measures for Todville Reserve are outlined below. They do not indicate an order of hierarchy or priority.

Performance Targets	Performance Measures
To develop and pursue opportunities for optimal shared use of open space and facilities to accommodate and to facilitate passive recreational pursuits for use by the community (including but not limited to facilities such as seating, shade, shelter, lighting, paths, fencing, artworks and cultural heritage references).	Increased usage of, and customer satisfaction with, Council’s open space areas and facilities as measured by an annual audit of Council’s customer surveys, registers, transport movement studies and customer feedback platforms and reported to the Asset Management Committee.
Renew/upgrade/develop landscaped areas, facilities and associated infrastructure as outlined in the relevant Asset Management Plan.	Completed works reported to Asset Management Committee.
Provide a safe environment for visitors and users of the Reserve.	Reduction in security incidents reported to Council as measured by an audit of Council’s customer feedback platforms as conducted from time to time.
