General description of the lands

Woodville Oval Precinct is a collective group of community land parcels that together form the Precinct as shown in the 'Site Map' of this Community Land Management Plan. The Precinct is a prominent indoor/outdoor sporting and recreational facility providing a variety of structured, formal and informal recreational and sporting activity opportunities for use and enjoyment by the community, sporting clubs and community groups.

The Precinct and all land parcels contained within the Precinct (except for any part of the land, where relevant, that is subject to any lease/licence as granted by Council in accordance with Section 202 of the Local Government Act) is categorised as Regional Open Space and Sportsground in the Types and Hierarchy explained in Community Land Management Plans – An introduction.

Purpose for which the land is held

The Council holds these lands for the primary purpose of providing open space, sporting, recreation and community facilities and services for community use and spaces that may be utilised for complementary business purposes. The Council also holds these lands for secondary purposes associated with addressing environmental, urban design, heritage and stormwater management needs (in no particular order of precedence).

Lease or Licence Permissions

Council may grant or renew leases and/or licences over any part or parts of the Precinct.

Any lease or licence granted or proposed to be granted must be consistent with the uses and purposes for which the Council holds the Precinct, and its objectives for the Precinct, as outlined in this Community Land Management Plan. They may be issued to various sporting, recreation, business, commercial, social or community clubs or groups for the use of buildings or any other open space within the Precinct whose activities cater for the local or broader community.

The Council may grant leases and licences of any length, and on any terms, to organisations established for sporting, recreation, social and/or community purposes over any land and/or buildings to which this Community Land Management Plan relates.

Council may issue a permit to allow access over the Precinct or to allow for an activity of a short-term nature. Uses of land prohibited by Council by laws without approval may be approved in relation the Precinct.

Council may issue an authorisation for commercial activities under Section 200 of the Local Government Act 1999. Authorised activities must be consistent with the purposes for which the Precinct is held. Approvals may be given on conditions the Council considers appropriate.

An example of activities Council considers relevant to the purposes of the Precinct when considering lease, licence, authorisation or permit requests are (without limitation)

- Passive and active sporting activities, events and competitions.
- Community and recreational activities and/or services catering to all ages and cultural groups.
- Fundraising, educational and community awareness events that support cultural diversity, health, fitness and general community wellbeing.

Permits, licences or easements may be granted by Council to public service provider authorities, within delegations of a relevant Act, for the purposes of provision of electricity, gas, water, internet and telecommunications services (except for above ground telecommunications towers).

Management Objectives for the lands (in no particular order of precedence)

- To provide high quality indoor/outdoor sporting facilities and open space areas, and services from those areas and facilities, that encourage participation in, and facilitate, sporting, recreational, cultural and community pursuits and to seek to maximise the use of the lands and their facilities for these purposes.
- To support and encourage sporting clubs to provide the community opportunities for sporting and recreational activities.
- To facilitate occupation of any part of the open space areas or buildings by sporting clubs/groups, community clubs/groups or businesses for community and sporting purposes as set out in any licence/lease/permit granted by the Council
- To address specific environmental, heritage and urban design objectives.
- To utilise a portion of the open space area of the Precinct for stormwater management purposes if necessary.

Proposal for managing the lands

The management of Woodville Oval Precinct is to be consistent with the descriptions and guiding principles for use and development identified in District Open Space Hierarchy and Sportsground Open Space Type described in [Community Land Management Plans – An introduction](#).

Performance Targets and Measures for the lands
